## Of Certain Novelties

The new goods are coming faster than can be mentioned, many that deserve a prominent place here are crowded out and have to go unheralded and unsung. We would call your particular attention to our Wall Paper stock this season. It is a superb line, exclusive patterns, original ideas, the designers are creators of styles, not followers. New, striking, tasteful, and prices that are below that demanded for inferior goods. Just look over the line, or such parts of it as will interest you and we are sure you will agree with us as to its merits:

### At 5c

We show 50 patterns that need but to be seen to insure to us a sale. All shades, all designs to suit any room from the attic to the cellar.

### At 7 1-2c

Catchy, Frency, florals and stripes in the new tones of green, red and blue.

### At 10c

A few special stripes in silk effects, with and without frieze, with mouldings to match. They hang as beautifully as a real silk fabric.

### At 12 1-2c

New colors in ingrains, with large floral borders and ceilings.

### At 15c

The most exquisite line of English Chintz and floral designs. A remnant lot of Room Mouldings at 2c per foot to close out pattern. Bring measure of room and get a chance at these; they will only last a few days.
